ONTARIO COMMUNICATIONS NETWORK

The Ontario Communications Network (OCN) is an enhanced network resulting from the use of computer-based telephone and network management facilities. The Ministry of Government Services—Computer and Telecommunication Services (CTS)—is continuing the implementation of these enhancements across the province.

Once you are converted to the new Network, it will no longer be necessary to know or use the Inter-City Network (ICN) codes. The uniform dialing procedure will automatically connect you to the appropriate line, to reach any of the locations served by the Network.

Over the next few years, the OCN will be extended to various regional centres. After 1990, when high speed "digital" lines become available, the network will become a multi-service one for the transmission of voice, data, graphics, pictures and video information.

Training programs will be carried out for employees in all locations before their telephones are connected to the improved Network. Until your telephone system has been converted, you should continue to use the existing ICN codes.

You can find out more about the Network by calling your MGS User Support Coordinator.

If you experience any problems with the OCN, call the CTS User Service Desk at 963-3900.

ICN/OCN

INTER-CITY NETWORK

For those locations which have not had enhanced computer-based network services installed, access to the Inter-City Network (ICN) remains as before. If your phone system is enhanced, please refer to the above.

The Ontario Government telecommunications networks enable a caller to dial directly from government centrex lines in Toronto and **consolidated** centres in Kingston, Oshawa and Hamilton, to hundreds of other Ontario localities without incurring a long distance toll charge. **It is to be used only for the conduct of government business by the staff of Government of Ontario Ministries and approved agencies, and members of the Provincial Parliament.**

If you are calling from Toronto exchange 963 or 965, you can use the Inter-City Network to place a call to a point outside the Metro Toronto free calling area. Staff who are served by "stored logic" telephone systems can access the Inter-City Network by referring to the operating instructions provided with that equipment.

The following pages contain a chart listing Ontario cities and towns, and showing the ICN and area codes to be used to access them.

Dial first the numbers shown in the "Inter-City" column, for the locality you wish to reach, then the seven-digit local telephone number.

If no Inter-City number for that locality is shown, you should place your call through regular long distance means. For this purpose, the area codes are also displayed. For area codes of localities not listed, consult your Bell directory, or call the Bell long distance operator.

For information regarding access codes on the Inter-City Network, or to report troubles, call the Queen's Park operator at 5-1191.

**COMMERCIAL STANDARDS
 PROGRAM**

555 Yonge Street
Toronto Ontario M7A 2H6

The components of this program promote a high level of ethical business conduct by ensuring public disclosure of the essential elements of business transactions and the registration and licensing of persons dealing with the public. The various branches also conduct inspections of the financial operations of the regulated industries. In addition, the program provides services for incorporation of companies and the administration of The Motor Vehicle Accident Claims Fund

which handles claims and payments for damage done by stolen, unidentified or uninsured motor vehicles.

The Commercial Registration Appeal Tribunal is the mechanism that allows licensees and registrants to appeal decisions of the Liquor Licence Board and/or proposals made by the Registrars of regulated industries. Appeals of decisions regarding compensation fund claims under the Ontario New Home Warranties Plan Act and the Travel Industry Act are also heard.

MINISTRY OF SKILLS DEVELOPMENT

13th Floor 101 Bloor Street West
Toronto Ontario M5S 1P7

The Ministry of Skills Development helps individuals develop skills so that they can find and keep a job. It also helps businesses and industries train workers so that they can adapt to rapidly-changing technologies. The Ministry encourages the private sector to make training a normal part of the workplace.

Ministry programs help adult workers get basic skills training and permanently laid-off older workers are eligible for training credits. For employment-disadvantaged youth, there are employment counselling, skills training and job placement services. Young entrepreneurs can take part in interest-free loan programs. The Ministry administers the province's apprenticeship system and the Ontario Community Literacy grants program. It is also the lead ministry for Ontario's Adult Basic Literacy initiatives.

ALPHABETICAL LISTINGS

Explanatory Notes

PAGE NUMBER

The number in brackets immediately following the employee's given name indicates the Office Listing (yellow) page on which that employee's name appears. For employees whose names are printed only in the alphabetical list, no such number appears.

LOCATION

The city or town name is shown for each employee, to enable directory users to distinguish between local and long-distance telephone numbers. Before calling any location other than Toronto, refer to the Free Calling area or the Inter-City Network, contained in the preliminary section of this directory.

The full address of any employee can be readily determined either by referring back to the appropriate Office Listing (yellow) page using the page number provided, or by telephoning the employee.

MINISTRY IDENTIFIER

An employee's ministry is designated by the following identifiers. These identifiers are for the purpose of this directory only and are not approved designations. Employees of agencies, boards and commissions will be listed as if they were employed by the parent ministry.

FAX & TELEX INDEX

INDEX TO FACSIMILE AND TELEX

We are introducing a new feature with this issue of the Government Telephone Directory: an Index of Offices served by Facsimile and Telex.

This Index is organized alphabetically by Ministry/Agency. The offices within each ministry which have Fax and Telex numbers are listed alphabetically by location showing the corresponding page number where full details are listed.

For example:

	<i>Page</i>

**Ministry of
Government
Services**

A uniquely designed retractable domed stadium is scheduled to open in Toronto in 1989. The SkyDome will operate as a superb sports facility, providing Ontarians and visitors with the best that modern technology can offer.

On another level, the dome will help to focus attention on the many other innovative activities taking place in Ontario. This will not only lead to increased revenue, but to a higher profile for Ontario in the world marketplace.

At the Ministry of Government Services we are also in the business of providing the best possible service delivery to the public. We apply this principle to our many different roles. Whether designing a new provincial government building, supplying computer systems for another ministry, or co-ordinating a directory like this one, we're working to achieve the highest possible standards. And, like the SkyDome, that means the best modern technology can offer.

A handwritten signature in black ink that reads "Richard Patten".

Richard Patten
Minister of Government Services
